Important documents

This is the Product Disclosure Statement (PDS) for Panorama Super. Before applying for an account, it's important you read this PDS along with the following documents.

Additional Information Booklet

You'll find more detailed information on particular topics in the Additional Information Booklet (Booklet). Sometimes we'll also refer you to a particular section heading in the Booklet.

Not all investment options or features referred to in the Booklet will be available to every member. The investment options or features available to you will depend on whether you choose to invest in the Compact or Full menu.

The Booklet is available free of charge from your adviser, at bt.com.au/panorama or by contacting us.

Investment Options Booklets

The investments available to you will depend on whether you choose to invest in the Compact or Full menu.

Information about the investments available within each menu is contained in the Investment Options Booklet for the menu you choose. You also have the right to receive, free of charge, disclosure about the investments available to you before you choose to invest.

These documents are available free of charge from your adviser or by contacting us.

Disclosure about the insurance options available to you

If you choose insurance cover through Panorama Super, important information about insurance cover available is set out in the product disclosure statement or other disclosure document of the relevant insurance provider.

These documents are available free of charge from your adviser or by contacting the relevant insurance provider.

You

- When your application is accepted and you make your initial deposit into your account, you become a member of Panorama Super.
- You or your adviser can be set up as the primary authorised user of your Panorama Super account.
- You select the investments to include in your Panorama Super account from the list of available investments.
- You can monitor your account online and issue instructions (through your adviser or directly to us) to make changes.

The Trustee

- The trustee of Asgard Independence Plan Division Two and issuer of Panorama Super is BT Funds Management Limited ABN 63 002 916 458 AFSL 233724 ('we', 'us', 'our', 'Trustee').
- The Trustee is responsible for Panorama Super, and holds the beneficial ownership of the investments you have selected on your behalf.

The Administrator

- The administrator of Panorama Super is BT Portfolio Services Ltd ABN 73 095 055 208 AFSL 233715 (the Administrator).
- The Administrator has been appointed by the Trustee to administer Panorama Super and maintains the underlying systems and provides associated services.
- The Administrator is also the custodian of Panorama Super and holds legal title to term deposits, managed funds, managed portfolios and in some cases, listed securities for the benefit of the Trustee. The Administrator has appointed a sub-custodian to hold any listed securities in your account on your behalf where you have chosen the nominee holding option.

Your Adviser

- If you are investing in Panorama Super through a financial adviser (referred to in this PDS as 'your adviser') they can:
 - advise you on whether the Compact or Full menu is right for you and which investments to include in your Panorama Super account
 - help you develop a personalised investment strategy and may advise you on how to manage your Panorama Super account to implement that strategy
 - direct the Administrator to perform transactions on your Panorama Super account (based on your instructions)
 - monitor the performance of your investments and provide you with regular status reports.

Super basics

Overview

Simple strategies are available to grow your super and they can be worth exploring. It could mean more money for you in retirement – with potential tax benefits today.

Superannuation is a means of saving for retirement which is in part, compulsory. It might be one of the biggest investments you will make in your life. So it's important to understand how you can make the most of it, including contributing to your super and taking advantage of the tax concessions and benefits available to you.

Contributions and rollovers

There are several types of contributions that can be made to super including personal, spouse and employer contributions, and government contributions.

Limits (known as 'caps') apply to the amount that can be contributed to super. If you exceed a cap, additional tax may be payable.

Generally, if you are under 75, all of these types of contributions can be accepted by a fund. Once you turn 75, certain contributions may have restrictions. However, you may be eligible to contribute up to \$300,000 to super from the proceeds of selling your principal home, provided you have met the eligibility criteria and have owned the home for at least 10 years.

We make a range of contribution options available to make it easy for you and others to contribute to your superannuation account and help you to maximise your retirement savings.

You can split super contributions with your spouse as permitted under superannuation law. Full details are available on the Contribution splitting application form, which is available by logging in to your account at bt.com.au/panorama, from your financial adviser or by contacting us.

We can also accept rollovers from other super funds. By consolidating all of your super into one account you are able to stay in control, reduce paperwork and potentially save on fees.

Before requesting a rollover, you should check with your other fund(s) to understand the impact of moving your benefit, including the potential loss of other benefits such as insurance cover.

If you are already receiving a pension from a Pension or Transition to Retirement Pension account, and have additional funds that you would like to add, you can either:

- commute your existing pension, add these funds and restart your pension using the same account number, or
- use the funds to open a separate account and receive a pension from two different accounts.

Taking either of these options may impact your and/or your partner's Social Security or Department of Veterans' Affairs entitlements. Additional money placed in a retirement phase pension will also be counted against your transfer balance cap. As such you should seek professional advice prior to making such a decision.

Super basics

Overview

Accessing super

There are restrictions on when you can withdraw your super. Generally, you cannot access your super until you have:

- turned 65, or retired after reaching your preservation age (between 55 and 60, depending on your date of birth) or
- ceased employment on or after turning 60.

In limited circumstances, your super can be accessed before you retire, if you meet a condition of release under superannuation law. For example, you may be able to access your super after reaching your preservation age through a Transition to Retirement Pension, even while still working. Refer to 'Withdrawals - accessing your money' in the 'Contributions, Rollovers and Payments' section of the Booklet for more information on accessing your super.

The First Home Super Saver Scheme (FHSSS) allows people who are saving for their first home to take advantage of the concessional tax arrangements that apply to the super system. Voluntary super contributions (up to \$15,000 per financial year and \$50,000 in total) plus associated earnings may be eligible for release.

The minimum balance that must remain in your account after a withdrawal or rollover is \$10,000. If you request a withdrawal or rollover that would result in your account balance falling below \$10,000, we may reject your request.

For more information on contributing to and accessing super, see the 'Contributions, rollovers and payments' section and 'First Home Super Saver Scheme' in the 'Other important information' section of the Booklet.

Super basics

Taxation

There are generally three main taxes that apply to super.

Tax	Details
Tax on contributions	<ul style="list-style-type: none"> - Contributions tax – Certain contributions, such as employer contributions and personal contributions for which you claim a personal tax deduction, are taxed in Panorama Super at 15%. If you're classified as a high income earner, you may need to pay an additional 15% tax on some or all of your contributions. If this applies to you, the Australian Taxation Office (ATO) will notify you after the end of the financial year. - Tax on untaxed rollovers – If you rollover from an untaxed source, the untaxed element of your rollover will be subject to tax at 15%.
Tax on earnings	<ul style="list-style-type: none"> - Investment income and capital gains in your account are taxed differently, depending on your account phase, as follows: <ul style="list-style-type: none"> - Super and pensions not yet commenced: taxed at a maximum rate of 15% (but the actual rate may be lower) - Transition to Retirement Pension: <ul style="list-style-type: none"> - taxed at a maximum rate of 15% (but may be lower) until you reach age 65 or advise us that you have met a prescribed condition of release¹ - tax free once you reach age 65 or advise us that you have met a prescribed condition of release¹ - Pension: tax free in the retirement phase. - Tax deductions for insurance premiums - If you take out insurance through your account, we will apply any relevant tax deductions relating to your insurance premiums to your account. <p>Note: the government has proposed a new tax to apply to certain superannuation earnings. If enacted, the proposed law will impose an additional 15% tax on earnings on total super balances over \$3 million.</p>

Taxation

[Getting Started >](#)[Super basics >](#)[Overview](#)[Taxation](#)[Benefits and risks >](#)[Investment options >](#)[Fees and other costs >](#)[Support and further information >](#)[1300 881 716](tel:1300881716)support@panorama.com.aubt.com.au/panorama

Tax

- Tax on withdrawals
- **Aged 60 plus** – If you are age 60 or over, your lump sum benefits or income payments from your account are tax free.
 - **Aged under 60** – See the table below.

Tax treatment on payments before your 60th birthday

	Income payments	Lump sum withdrawals
Tax-free component	Nil	Nil
Taxable component	<p>Generally, if you are under your preservation age, payments are included in your assessable income and taxed at your marginal rate.</p> <p>If you have reached your preservation age, or you are any age and you have commenced your pension because of death or disability, payments are included in your assessable income, and taxed at your marginal rate, less a 15% tax offset.</p>	<p>If you are under your preservation age, the tax rate is 20% (plus the Medicare levy).</p> <p>If you have reached your preservation age but are under 60, the benefit is tax free up to the low rate cap amount², then a rate of 15% (plus the Medicare levy) applies.</p>

- **Tax on death benefits** – Tax is normally not payable on death benefits paid from super to a tax dependant such as your spouse or child under 18. Any tax payable may depend on:
 - who receives the benefit
 - the amount of the benefit
 - the age of the deceased member
 - the age of the person receiving the benefit
 - whether the benefit is being paid as a lump sum or an income stream
 - whether insurance proceeds are part of the benefit.³

1 The conditions of release that result in a Transition to Retirement Pension being classed as in the 'retirement phase' and therefore exempt from tax on investment income and capital gains are: reaching age 65, retirement after reaching preservation age, permanent incapacity and terminal medical condition.

2 The lifetime low rate cap is indexed in line with AWOTE (Average Weekly Ordinary Time Earnings) in increments of \$5,000 (rounded down). For the most current rates refer to ato.gov.au.

3 If the Trustee has claimed a tax deduction for insurance premiums or a future liability to pay a benefit.

Taxation

How tax amounts are paid

Transaction account

Any tax liability is deducted from your transaction account. This may be deducted at the time of a transaction (such as when an untaxed rollover is deposited into your Panorama Super account), monthly or in the final tax calculation for the year.

Monthly tax payments

Tax instalments on employer and personal deducted contributions and investment income and capital gains are generally deducted monthly at the Panorama Super PAYG instalment rate which is generally less than 15%.

Annual tax payment/refunds

A final tax calculation is prepared annually taking into account all contributions, income, capital gains and deductions on your account. Any balance or refund will be deducted or credited annually, once we've finalised Panorama Super's tax return, on closure of your account or before you commence a pension.

Benefits and risks

Benefits and features

Simplicity

Making it easier for you

- Online account opening ensures your account is up and running quickly.
- When you open an account, a transaction account is automatically established for you. The transaction account allows you to manage your account easily and efficiently.
- Automated drawdown and automatic reinvesting strategies help manage your cash balance.
- You have the ability to share your documents with your adviser through your secure online document library.

Manage

Manage your investments

- Manage your investments and account in one convenient location online at bt.com.au/panorama.
- In Super, the following can be set up:
 - a regular contribution plan, making it easy to control the cash flows into your account and
 - automated regular investments into your existing managed funds, managed portfolios and tailored portfolio¹ assets.
- If you have a Pension or Transition to Retirement Pension you have the flexibility to choose your income payment amount (within statutory limits) and the frequency of payments.

Vision

Know where you're invested

- Your account is designed to be accessed online at bt.com.au/panorama, through your mobile, tablet or desktop computer. You can also download the BT Panorama mobile application to access your account. Please note that not all features available at bt.com.au/panorama are available on the mobile application.
- Get a consolidated view and reporting on your account, such as your transaction history or a breakdown of your investment portfolio by asset class, 24 hours a day, 7 days a week.

Support

Information and tools

- A range of reports are available online giving you up-to-date information (such as performance returns) so that you can stay informed.
- You can also access current information such as topical news items, listed security pricing, company information and upcoming dividend information.
- Our Planning for Retirement hub at bt.com.au/retirement offers calculators, resources and support to help you prepare for the lifestyle you want in retirement.

Access

Access to investment options

- Panorama Super gives you a single point of access to a range of investments².
- You have the choice between a Compact menu or Full menu, which have different investment options and different administration fees and costs. You can obtain a list of the investments available to you and copies of the relevant disclosure documents from your adviser or by contacting us.

Protection

Access to insurance

You may be able to apply for the following types of insurance cover³:

Death and Terminal Illness cover

Helps to ensure your family remains financially secure if you die or become terminally ill.

Total and Permanent Disability cover

Pays a benefit if you become totally and permanently disabled. It may assist with medical and rehabilitation costs, and provide a level of financial security for your family.

Income Protection cover

Can provide a monthly benefit to replace a portion of the income lost if you are working and then unable to work at your full capacity due to sickness or injury.

For more information about insurance and how it may help you, as well as the terms and conditions and the cost of cover, refer to the product disclosure statement or other disclosure document of the relevant insurance provider, available free of charge from your adviser.

- 1 Refer to 'Tailored portfolios' in the 'Other features' section of this PDS for more information.
- 2 The complete range of investment options offered under each investment menu may not be available to every member. You can obtain a list of the investments available to you from your adviser or by contacting us.
- 3 Insurance through Panorama Super may not be available to every member, and is not available in a Pension or Transition to Retirement Pension account. You can find out if insurance cover is available from your adviser.

For more information on the benefits of using Panorama Super, see the 'Investing and transacting with Panorama Super' section of the Booklet.

Benefits and risks

Your transaction account

Manage your account easily and efficiently

When you join Panorama Super, a transaction account is automatically established for you. Your transaction account is used to settle:

- your managed fund, term deposit and listed security transactions and
- your investments in and withdrawals from managed portfolios and your tailored portfolio assets.

Please note, listed securities and tailored portfolios are not available on the Compact menu.

Interest accrues daily on your balance held in the transaction account, and is credited to your account monthly in arrears so your money is working for you even between investments. Interest on the transaction account is calculated at a variable rate. The declared interest rate may change from time to time but will be greater than 0%. For the current interest rate declared on your transaction account, go to bt.com.au/panorama, contact us on 1300 881 716 or speak with your financial adviser.

The transaction account is transactional in nature and is not intended to be used as an investment option.

You must maintain a minimum balance of \$2,000 in your transaction account (excluding the portion allocated to your tailored portfolio). This ensures there are enough funds to pay for investment related transactions and reduces the need for investments to be sold to pay fees.

Your transaction account can be linked to up to 5 external accounts for easy transfer of funds into and out of Panorama Super (subject to restrictions under superannuation laws). When you add a linked bank, building society or credit union account to your Panorama Super account, you may be required to verify the account prior to making direct debits. Contributions can also be made via BPAY® or direct credit.

® Registered to BPAY Pty Limited ABN 69 079 137 518

If you have a Pension or Transition to Retirement Pension your regular income payment will automatically be paid into your nominated linked account. You also have the choice of nominating a weekly, fortnightly, monthly, quarterly, half-yearly or yearly payment frequency.

Set up regular contribution plans

While in Super, you can make regular contributions from one of your linked accounts into your transaction account by setting up a regular direct debit online.

Make regular investments

You can set up automated regular investments into your existing managed funds, managed portfolios or tailored portfolio assets from your transaction account. This is an efficient way to spread your purchase over a number of periods and may help you reduce the impact of market volatility on the investments you hold in your Panorama Super account.

You can do this by setting up:

1. automatic reinvesting and/or
2. a regular investment plan

If you're in Super, Pension or Transition to Retirement Pension, you can establish and operate automatic reinvesting to invest excess cash above a predetermined amount set by you.

While in Super, you can also establish and operate a regular investment plan to invest a fixed dollar amount set by you.

1300 881 716

support@panorama.com.au

bt.com.au/panorama

Benefits and risks

Your transaction account

If you are investing in Panorama Super through a financial adviser, they will establish and operate these automated regular investments for you, based on your instructions.

Each time you place an investment in a managed fund or managed portfolio under a regular investment plan or automatic reinvesting, you may not have the current disclosure document for that fund. You can access the current disclosure document by logging into your account at bt.com.au/panorama, by requesting a copy from your adviser or by contacting us.

For further information on making regular investments into your account, refer to 'Automated regular investments' in the 'Investing and transacting with Panorama Super' section of the Booklet.

Drawdown strategies

An automated drawdown strategy will be applied to your account to help you manage your transaction account balance to facilitate various payments (including fees and costs) and maintain the minimum transaction account balance.

There are three automated drawdown strategies available.

- A drawdown from the highest value asset in your account – this is the default and will be automatically applied to your account.
- A pro rata drawdown of your assets across your investment options – you must tell us if you would like this strategy to apply to your account.
- A drawdown from specific assets or portfolios you nominate. The Administrator will sell the specific assets or portfolios you nominate in the order you nominate. Once those specific assets or portfolios have been exhausted, the Administrator will then sell your investments in accordance with the 'highest value asset' drawdown strategy. You must tell us if you would like this strategy to apply to your account.

Refer to 'Drawdown strategies' in the Booklet for further information.

For more information on using your transaction account, refer to the 'Investing and transacting with Panorama Super' and the 'Contributions, rollovers and payments' sections of the Booklet.

 bt.com.au/panorama

Benefits and risks

Other features

Distribution reinvestments

If you invest in managed funds, any distributions you receive in respect of those investments will be paid in cash into your transaction account. However, you can nominate for your distributions to be used to acquire new units in that managed fund (where the fund manager offers 'reinvest' and in circumstances where we choose to allow it), and the cash will be reinvested in the relevant managed fund.

Distribution reinvestments do not apply to listed securities or managed portfolios, including if those investments are held within a tailored portfolio.

Income preference

Managed portfolios

If you invest in managed portfolios, you can choose to have income (dividends and/or distributions) paid into the cash allocation of your portfolio and reinvested in accordance with the managed portfolio option you have selected. Alternatively, you may be able to choose to have income transferred to your transaction account.

Tailored portfolios

If you utilise tailored portfolios, you can choose to have income (dividends and/or distributions) paid into the cash allocation of your portfolio and reinvested in accordance with the predetermined investment strategy you have selected. Alternatively, you may be able to choose to have income transferred to your transaction account.

The option to have income transferred to your transaction account may not be available to all investors in managed portfolios or those members utilising tailored portfolios. Speak to your adviser to see whether this feature is available to you.

Corporate actions

When a corporate action is announced, where possible, you will be given the option to participate in the corporate action. Should we allow members to participate in a corporate action, notification will be provided to you or your adviser (depending on who is the primary authorised user of your account) outlining the options for participation and the corporate action can be managed online.

Online consent

You may collaborate with your adviser to review and provide your consent online to changes on your Panorama Super account. If your adviser chooses to use online consent, you will receive a SMS or an email advising you of a pending request. You can then see the details of the request and respond in the online Message Centre, available once you have logged into the secure website or mobile application. When requested by your adviser, we will act on any approval instruction you provide through this facility.

Talk to your adviser to see whether online consent is available to you.

Reporting

Your annual statement will be available online by logging into your account at bt.com.au/panorama after the end of the financial year. You will receive an email notification as soon as it becomes available. Your statement will continue to be made available to you for a period of time (generally 5 years or more) after which it will be permanently removed from our records.

Where we're permitted to by law, other important information about your account will also be made available at bt.com.au/panorama or sent to your email address.

Benefits and risks

Other features

Document library

You and your adviser have access to a secure online document library which allows you to collaborate efficiently and provides easy access to important documentation.

Any document can be categorised and saved into your document library by you or your adviser, as applicable. Intuitive filters and search functionality make it easy for you to locate documents.

Through your document library, you'll be able to access important documentation such as your annual statements, and other correspondence from us.

All documents stored in the document library are retained for a minimum of five years, depending on the document type, and deleted once they have reached the end of their retention period. Contact us for more information about the retention periods applicable to documents stored in the document library.

Please note, retention periods may change in the future.

Commencing an income stream

If you open an account for the purpose of receiving an income payment but have not yet commenced the pension (for example, because not all rollovers and contributions have been received), you may invest any balance in the available investment options. Any investment earnings (including interest on the balance held in the transaction account) prior to commencing the pension, will be taxed as if you are in the accumulation phase.

The starting balance of your pension (including earnings) will count towards your transfer balance cap (for the most current rates refer to ato.gov.au). This also applies to existing pension accounts being transferred to Panorama Super.

You can also initiate rollovers and contributions online at bt.com.au/panorama and track them as they are received. Once a rollover or contribution has been received into your pension account, generally you cannot make withdrawals or close your account until you have commenced the pension.

Benefits and risks

Other features

Managed discretionary accounts (MDAs)

We may permit an MDA provider to provide MDA services in connection with your Panorama Super account. The MDA provider you appoint (under a separate agreement to which we are not a party) will be solely responsible for the MDA service. We will act on the instructions of your MDA provider whom you appoint and request to make investment decisions on your behalf.

Tailored portfolios

Tailored portfolio tools can assist your MDA provider when providing instructions on your behalf, to construct, manage and rebalance your investments in accordance with a predetermined investment strategy you have chosen. Your adviser will work with you to determine an investment strategy for you, based on your desired objectives.

Assets in your Panorama Super account that are managed on your behalf using the tailored portfolio tools are referred to in this PDS as 'your tailored portfolio'. You may be able to request to exclude certain assets from your tailored portfolio to align with ethical considerations or other investment requirements you may have. You can elect to reallocate the value of the excluded assets to cash, pro rata against all other assets within your tailored portfolio, or substitute with another asset.

Check with your adviser if you would like to know whether they have access to the tailored portfolio tools. Tailored portfolios are not available to all members and are not available if you select the Compact menu.

If there is a cash allocation included in the investment strategy, the interest rate declared in respect of that cash allocation may be lower than the rate declared in respect of your transaction account.

Adviser portfolios

Your adviser may have access to adviser portfolio tools, which can be used to provide us with instructions to manage assets in your Panorama Super account according to specified allocations and weightings. These instructions are provided to us by your adviser.

Instructions to rebalance assets held in your account will result in assets in your account being acquired or sold according to the pre-set investment allocations. These pre-set investment allocations are referred to as your 'adviser portfolio'. An adviser portfolio is not a separate investment – it is a portfolio of assets held in your Panorama Super account.

Refer to 'Adviser portfolios' in the Booklet for more information. Check with your adviser if you would like to know whether they have access to adviser portfolio tools in relation to your account. Adviser portfolios are not available to all members.

For more information on the other features of Panorama Super, refer to the 'Investing and transacting with Panorama Super' and the 'Contributions, rollovers and payments' sections of the Booklet.

Benefits and risks

Risks

Understanding risk

All investments involve varying degrees of risk. Panorama Super offers a range of investment options across asset classes – for example, cash, fixed interest, property and shares – that have different levels of risk, and offer a variety of investments, reflecting different weightings of these asset classes.

The likely investment return, and the level of risk of losing money (including loss of capital and earnings), is different for each investment option depending on the underlying mix of assets. Generally, the higher the potential return of an investment over the longer term the greater the level of risk of loss in the shorter term.

When considering your investment in super, it's important to understand that:

- investments will fluctuate in value
- returns are not guaranteed and you may lose some or all of your money
- investment returns can be volatile and may vary
- past performance is not a reliable indicator of future performance
- laws affecting your super may change and
- the amount of your future super savings may not be enough to provide adequately for your retirement.

The appropriate level of risk for you will depend on your age, investment timeframe, where other parts of your wealth are invested, and how comfortable you are with the possibility of losing some of your super in some years. For example, you may be willing to take on more risk if you are in accumulation phase, than you may be if you are in the retirement phase.

Benefits and risks

Risks

The investment options offered by Panorama Super meet different risk and return expectations that allow you to tailor your investment strategy to meet your objectives. The types of risks you may need to consider include the following:

Market risk	The risk that market factors, including economic conditions, government regulations, market sentiment, local and international political events and environmental and technological issues, may impact the value or the liquidity of your investment.
Currency risk	The risk that a rise in the Australian dollar relative to other currencies may negatively impact investment values or returns.
Interest rate risk	The risk that changes in interest rates may have a negative impact on investment value or return.
Investment specific risk	The risks that are specific to investments in term deposits, listed securities, managed funds and managed portfolio options.
Liquidity risk	The risk that you will not be able to realise an investment within the timeframe you need.
Taxation and regulatory risk	The risk that changes to tax laws, industry regulation and other legislation could adversely affect your investment.
Operational risk	The risk that administration, computer and supporting systems may not always work as they should.
Longevity risk	The risk that your pension may not provide an income stream for the rest of your life as payments will only continue until the balance of your account is exhausted.
Insurance risk	The risk that you may not have sufficient or appropriate insurance to provide adequate cover for you or your beneficiaries.
Derivatives risk	The risks associated with derivatives include the risk in the change in value of the derivative, risks associated with the management of the assets backing the derivative and counterparty risk.
Gearing risk	The risk that the variability of investment return will be magnified due to the use of gearing (borrowing).

For more information on the risks of super and the Trustee's approach to socially responsible investment, see the 'Risks' section of the Booklet. For more information on the risks associated with each investment (including applicable standard risk ratings), refer to the relevant Investment Options Booklet and the relevant product disclosure statement or other disclosure document for each investment.

Investment options

Investment options

Panorama Super offers a range of investment options to meet different risk and return expectations that allow you to tailor your investment strategy to your investment objectives.

Available investment options

The investment options available to you will vary. You can obtain a list of the available investment options and copies of their disclosure documents and/or terms and conditions, free of charge, from your adviser or by contacting us. For more information also refer to the 'Investing and transacting with Panorama Super' section of the Booklet and the relevant Investment Options Booklet.

Compact menu and Full menu

When you open your Panorama Super account you must choose either the Compact menu or the Full menu, which offer different investment options and have different administration fees and costs. You can choose to access an extensive range of investments through the Full menu, or a select range through the Compact menu. You may only choose one of these menu options within a single Panorama Super account.

If you select the Compact menu and later wish to change to the Full menu (or vice versa), contact your adviser or contact the Panorama Support Team for more information on how to do this.

The Compact menu may not be available to every member. Speak to your adviser or contact us to find out if the Compact menu is available to you. Please note, in this Product Disclosure Statement and the Booklet, a reference to Panorama Super refers to both the Compact menu and the Full menu.

Term deposits

A term deposit is an investment where the interest rate does not generally change for the nominated term. You can choose from a range of term deposits offering a variety of terms and interest payment frequencies. Term deposits can be applied for and managed online, with a fast online application process.

For further information, refer to 'Term deposits' in the 'Understanding investments' section of the Booklet.

Managed funds

Managed funds are an easy and convenient way to invest. You can access a broad range of funds encompassing many of Australia's leading fund managers. You can choose from a range of investment styles and asset classes through diversified, sector and specialist funds with ease.

If you choose the Compact menu, you can access a select range of managed funds. If you choose the Full menu, you can access a broader range of managed funds that includes those available on the Compact menu. Certain managed funds may not be available to every investor. From time to time we may add to or remove investment options from the Full and Compact menus.

- Support and further information >

Investment options

Listed securities

If you choose the Full menu, you can select from a range of Australian listed securities.

- **Australian listed securities** – Trade a range of Australian listed securities, which can include shares within the All Ordinaries, interests in listed property/investment trusts, interests in exchange traded products (ETPs), which include exchange-traded funds (ETFs), exchange-traded managed funds and structured products, and Australian Government Bonds. We may add or remove any Australian listed security, including derivatives and those outside the All Ordinaries, at our discretion.
- **Market Information** – Receive news on listed securities and other market updates through the Market Information dashboard.
- **Corporate actions** – Manage corporate actions and view decisions made by the Trustee online.
- **Broker** – You have the flexibility to choose to transact through the broker appointed by us (online broker) or through an approved external broker.

The listed securities in your Panorama Super account will be held by the sub-custodian nominated by the Administrator, with the Trustee retaining beneficial ownership of these investments on your behalf. This is known as 'nominee holdings'.

Alternatively you may be able to elect for the Administrator to hold your listed securities for you as 'custodial holdings' (in addition to the nominee holdings option described above). Not all holding options will be available to all members. Refer to the 'Selecting a holding option' section in the Booklet for more information on the options that may be available to you.

The custodial holdings option involves the Administrator holding legal title to your listed securities with the Trustee retaining beneficial ownership of these investments on your behalf. An additional 'custodial options holding fee' will apply to this option. Refer to the 'Fees and other costs' section of this PDS for further information.

Depending on how you elect your listed securities to be held, you may be able to elect how dividends or distributions are paid in respect of your listed securities. Refer to the 'Selecting a holding option' section in the Booklet for more information.

Please note, listed securities are not available to you if you select the Compact menu.

Managed portfolios

Managed portfolios are investment options made available through managed investment schemes accessible through Panorama Super. You can choose from a range of managed portfolio options managed by professional investment managers.

Managed portfolio options are designed to remove the need for you to individually research assets or fund managers, monitor your holdings and manually trade your assets. Essentially, once you select a particular managed portfolio option, your investment in that managed portfolio option will be managed and rebalanced in accordance with that option's investment strategy and objectives.

 1300 881 716

 support@panorama.com.au

 bt.com.au/panorama

We do not take labour standards or environmental, social or ethical considerations into account in the selection, retention or realisation of investments available through Panorama Super, however the issuers or fund managers of managed funds and managed portfolio options may have such policies. For more information see 'Socially responsible investment' in the 'Risks' section of the Booklet.

Fees and other costs

Fees and other costs for Panorama Super

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

Fees and other costs

This section shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investments or from the assets of the superannuation entity as a whole.

Other fees, such as activity fees, adviser fees for personal advice and insurance fees may also be charged, but these will depend on the nature of the activity, advice or insurance chosen by you. Entry fees and exit fees cannot be charged.

Taxes are set out in the 'Super basics' section of this document. Insurance fees and other costs relating to insurance are set out in the product disclosure statement or other disclosure document of the relevant insurance provider.

You should read all the information about fees and other costs because it is important to understand their impact on your investment.

Except where otherwise stated, the fees and other costs shown in this PDS are expressed as inclusive of the Goods and Services Tax (GST) and are net of any Reduced Input Tax Credits that may be claimed.

The fees and other costs for each managed fund investment available within your chosen menu option in Panorama Super are set out in the relevant disclosure document for each available investment.

BT Panorama Super		
Type of fee or cost	Amount	How and when paid
	<p>3. Expense recovery</p> <p>Up to \$95 pa per Panorama Super account, plus 0.03% pa of your Panorama Super account balance for expenses incurred in relation to the Operational Risk Financial Requirement (ORFR), capped at a maximum of \$300 pa per Panorama Super account. Refer to the 'Additional information on fees' section of the Booklet for more information. The exact amount deducted from your account will be confirmed in your annual statement.</p>	<p>Expense recovery is calculated based on the expenses incurred and deducted from your transaction account annually in arrears.</p> <p>The ORFR component is calculated as a percentage of your Panorama Super account balance, including the amount held in your transaction account. It is calculated and deducted from your transaction account at the time the expense is applied.</p> <p>Expense recovery is payable to us and will not be passed on to your adviser or your adviser's licensee.</p>
	<p>4. Custodial holdings option fee</p> <p>\$300 pa</p> <p>Payable to the Administrator if you select the custodial holdings option for investing in listed securities. This fee does not apply if your listed securities are held under the nominee holding option.</p>	<p>Monthly in arrears</p> <p>This fee applies where you hold listed securities in the custodial holdings option, and is calculated on a daily basis.</p> <p>The fee is deducted from your transaction account monthly or upon closure of your Panorama Super account.</p>
Investment fees and costs⁵	<p>Transaction account fee</p> <p>This is the amount the Administrator earns for managing the amount held in your transaction account.</p> <p>It is equal to the amount earned in relation to the funds held in your transaction account, less the interest credited to your transaction account.</p> <p>The estimated transaction account fee based on the average fee for the financial year ended 30 June 2024 is 1.23% pa.^{6,7} As at 30 November 2024, the transaction account fee is 1.27% pa.</p>	<p>The transaction account fee is not separately deducted from your transaction account.</p> <p>It accrues daily and is deducted on a monthly basis in arrears from the investment returns by the Administrator on the underlying assets the Administrator invests transaction account balances in.</p>

The investment fees and costs shown in this section relate only to gaining access to the accessible investments available to you through Panorama Super. These investment fees and costs do not include the fees and costs that relate to investment in the accessible investments that you may choose through Panorama Super.

BT Panorama Super		
Type of fee or cost	Amount	How and when paid
3. Listed security transaction fee - external broker		
	There is currently no external broker fee charged by the Administrator in relation to the purchase or sale of listed securities using an external broker. However, where you have appointed an external broker, the external broker may negotiate a fee directly with you. Speak to your adviser or your external broker for further information about investing in listed securities using your external broker.	Any brokerage fee you agree to pay to an external broker will be reflected in the acquisition or disposal cost and will be deducted from your transaction account at the time the transaction is settled.
Member activity related fees and costs		
Buy/Sell spreads	Nil	Not applicable
Switching fee	Nil	Not applicable
Other fees and costs⁹	Other fees and costs that may apply include: <ul style="list-style-type: none"> - Adviser fees - Insurance premiums - Portfolio management fee. Refer to the 'Additional explanation of fees and costs' section of this PDS for more information.	

- 1 If your account balance in Panorama Super is less than \$6,000 at the end of the financial year or at the time of exit, the total combined amount of administration fees and costs, and investment fees and costs charged in the financial year is capped at 3% of your account balance. Any amount charged in excess of this cap will be refunded.
- 2 If you change from the Compact menu to the Full menu (or vice versa) during a calendar month, the new Administration fee - *account based* will apply for the full calendar month.
- 3 Where you have elected accounts to be grouped, total account balance is the combined balance of these accounts. If you do not elect to group accounts, then the total account balance is the balance of your Panorama Super account. For further details refer to 'Benefit from multiple accounts in a related group' in the 'Additional explanation of fees and costs' section of this PDS.
- 4 Any Administration fee – *account based* that has been charged for a previous month will not be adjusted in the case where a transaction reversal occurs for a transaction processed in a previous month.
- 5 Fees and costs are also payable in relation to the managed investments accessible through Panorama Super. The amount you pay for specific managed investments is shown in the disclosure document for each managed investment. For more information, see the 'Additional information on fees' section in the Booklet

Fees and other costs for Panorama Super

- 6 The interest rate declared in respect of the cash allocation for your investment in tailored portfolios may be lower than the rate declared in respect of your transaction account, in which case the transaction account fee for the cash allocation may be higher. For more information refer to 'Your transaction account' in the 'Benefits and Risks' section of this PDS.
- 7 Investment fees and costs includes an amount of 0.00% for performance fees. The calculation basis for this amount is set out under 'Performance fees' in the 'Additional explanation of fees and costs' section of this PDS.
- 8 If you or your adviser request your order remain valid unless it is cancelled and the order is transacted over more than one day, the minimum charge applies for each day a transaction occurs.
- 9 Additional fees and costs may apply, such as advice fees, transaction costs, any applicable buy/sell spread charges, portfolio management fees, Family Law Act fees, or government or bank fees. The actual other fees and costs incurred are dependent on your investment decisions and the fees you may negotiate with your financial adviser or if you appoint an MDA provider. Refer to the 'Additional explanation of fees and costs' section of this PDS and the 'Additional information on fees' section of the Booklet for more information about the other fees and costs that may apply.

Fees and other costs for Panorama Super

Example of annual fees and costs

Example 1: Platform only - Full menu

This table gives an example of how the ongoing annual fees and costs for accessing a balanced managed fund through this superannuation product can affect your superannuation investment over a 1-year period. You should use this table to compare this superannuation product with other superannuation products.

EXAMPLE – a balanced managed fund		BALANCE of \$50,000 ¹
Administration fees and costs	\$540 (Administration fee - <i>account based</i>) + 0.15% (Administration fee - <i>asset based</i>) + \$95 + 0.03% (Expense recovery) ²	For every \$50,000 you have in the superannuation product, you will be charged or have deducted from your investment \$722.00 ³ in administration fees and costs.
PLUS Investment fees and costs	1.23% (Transaction account fee)	And , you will be charged or have deducted from your investment \$24.60 in investment fees and costs.
PLUS Transaction costs	Nil	And , you will be charged or have deducted from your investment \$0 in transaction costs.
EQUALS Cost of product		If your balance was \$50,000 ¹ at the beginning of the year, then for that year you will be charged fees and costs of \$746.60 for the superannuation product.

- 1 This example assumes that \$48,000 is invested in a balanced managed fund and an additional \$2,000 is held in your transaction account, for the entire year.
- 2 The exact amount deducted from your account will be confirmed in your annual statement. This example includes \$110.00 pa, which is comprised of 0.03% pa of the account balance (or \$15.00 pa) for the Operational Risk Financial Requirement and \$95 pa for other expenses we recover for compliance with legislative and prudential standards, and paying compulsory government levies. Refer to the 'Additional information on fees' section of the Booklet for more information.
- 3 As your account balance increases, the total administration fees and costs you pay as a percentage of your account balance may decrease due to the tiered administration fee structure (as shown in the 'Administration fee - *asset based*' in the 'Fees and costs summary' table in this section).

Fees and other costs

Fees and other costs for Panorama Super

This example is illustrative only and assumes that you have chosen the Full menu. Fees and costs may vary for your actual investment. If you have chosen the Compact menu, the Administration fee - *account based* will differ. This example only shows the fees and costs that relate to accessing investments through the superannuation product and not the fees and costs of those investments. Additional fees and costs will be charged by the issuers of those products that you invest in. Refer to the next example that illustrates the combined effect of the fees and costs.

Fees and other costs

Fees and other costs for Panorama Super

Example 2: Platform and accessible investment - Full menu

This table illustrates the combined effect of fees and costs of the superannuation product and the fees and costs for an investment in the Schroder Real Return Fund through the superannuation product over a 1-year period, based on the same assumptions as the 'Example 1: Platform only - Full menu' in the previous section.

EXAMPLE – Schroder Real Return Fund	BALANCE of \$50,000 ¹
Cost of Panorama Super	If your balance was \$50,000, then for that year you will be charged fees of \$746.60 for Panorama Super
PLUS management fees and costs for an investment in the Schroder Real Return Fund 0.87%	And , fees and costs of \$417.60 each year will be deducted from your investment
PLUS performance fees for the Schroder Real Return Fund 0.01%	And , you will be charged or have deducted from your investment \$4.80 in performance fees each year
PLUS transaction costs for the Schroder Real Return Fund 0.01%	And , you will be charged or have deducted from your investment \$4.80 in transaction costs
EQUALS total combined cost of investing in the Schroder Real Return Fund through the superannuation product	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of: \$1,173.80² What it costs you will depend on the investment option you choose and the fees you negotiate.

1 This example assumes the entire account balance of \$48,000 is invested in the Schroder Real Return Fund and an additional \$2,000 is held in your transaction account for the entire year.

2 Additional fees may apply. This example does not take into account other fees and costs that may apply to some or all of the available investments, such as Adviser establishment fees, other advice fees, portfolio management fees, Family Law Act fees, or government or bank fees. The actual fees and other costs incurred are dependent on the investments you decide to transact in. Refer to the 'Additional explanation of fees and costs' in this PDS and the 'Additional information on fees' section of the Booklet for information about the fees and other costs that may apply.

This example is illustrative only and assumes that you have chosen the Full menu. Fees and costs may vary for your actual investment. For information regarding the fees and costs of the managed investments that you decide to invest in, refer to the relevant product disclosure statement or other disclosure document for each managed investment, available free of charge from your adviser, at bt.com.au/panorama or by contacting us.

Fees and other costs for Panorama Super

Cost of product information

Cost of product for 1 year

The cost of product gives a summary calculation about how ongoing annual fees and costs can affect your superannuation investment over a 1-year period for all superannuation products and investment options. It is calculated in the manner shown in the Example of annual fees and costs.

The cost of product information assumes a balance of \$50,000 at the beginning of the year. (Additional fees such as a buy/sell spread may apply: refer to the Fees and costs summary for the relevant superannuation product or investment option.)

You should use this figure to help compare superannuation products and investment options.

Option	Cost of product
Compact menu	\$386.60
Full menu	\$746.60

The cost of product amounts shown in the above table are impacted by whether you choose to invest in either the Compact menu or the Full menu, which offer different investment options and have different administration fees and costs. The Compact menu includes an Administration fee - *account based* of \$180 pa, and the Full menu includes an Administration fee - *account based* of \$540 pa, as shown under 'Administration fees and costs' in the fee table in this section. The cost of product amount is comprised of the Administration fees and costs plus the transaction account fee, and is calculated in the manner shown in the example in the 'Example 1: Platform only - Full menu' in this section.

The cost of product information shown in this section relates only to accessing investments through Panorama Super and not the fees and costs of the financial products that you may choose through Panorama Super. Additional costs are charged by the issuers of those products that you decide to invest in. These costs are set out in the product disclosure statement or other disclosure document(s) for the relevant investments you choose through Panorama Super.

Fees and other costs

Additional explanation of fees and costs

Fees payable for advice provided to you

The fees described in the following table are only payable if you agree the amount of the fee with your adviser (if you have appointed one) and direct us to pay them from your transaction account on your behalf.

You must specify the amount of these fees as agreed with your adviser as part of your original Panorama Super account application or subsequently online. By doing this, you direct us, through your adviser, to pay these fees to your adviser and/or your adviser's licensee. There are no maximum amounts, however we have the right to reject the amount you specify.

Type of fee or cost	Amount	How and when paid
<p>Adviser establishment fee</p> <p>A fee that you may authorise us to pay your adviser (or your adviser's licensee) for the provision of financial product advice and related services to you in relation to opening your Panorama Super account.</p>	<p>You can negotiate the amount of this fee (as a dollar amount) with your adviser.</p>	<p>This fee is deducted from your transaction account at the time of your initial investment.</p> <p>If your initial investment is not received within 90 days of opening your Panorama Super account, your consent for us to pay this fee will expire.</p>
<p>Advice fee</p> <p>A fee that you may authorise us to pay your adviser or your adviser's licensee in relation to your Panorama Super account.</p> <p>You can elect to pay this fee on an ongoing basis, or for a fixed term period of up to 12 months.</p>	<p>You can negotiate the amount of this fee as a dollar and/or percentage amount with your adviser.</p> <p>If you specify a percentage amount, that amount will be calculated based on your average daily balance for the month for the specified investments holdings.</p> <p>If you specify a dollar amount on an ongoing advice fee, you may elect to automatically adjust the amount annually in line with the Consumer Price Index.</p>	<p>The advice fee is deducted from your transaction account on a monthly basis (or on closure of your Panorama Super account) in arrears, and continue to pay this fee to your adviser or your adviser's licensee (as applicable) until you direct us to cease paying it, or until the end of the term you have agreed with your adviser.</p>
<p>One-off advice fee</p> <p>A one-off fee that you may authorise us to pay your adviser (or your adviser's licensee) for the provision of advice (and related services) to you in relation to your Panorama Super account.</p>	<p>You can negotiate the dollar amount of this fee with your adviser.</p>	<p>The one off advice fee is deducted from your transaction account at the time the request is processed by the Administrator.</p>

Fees and other costs for Panorama Super

[Additional explanation of fees and costs](#)

Support and further information >

Fees and other costs

Additional explanation of fees and costs

Benefit from multiple accounts in a related group

You can apply to us to have your account grouped with other Panorama Investments and/or Panorama Super accounts held by:

- you
- your immediate family (your spouse, partner, parents, children and siblings)
- companies in which you or your immediate family member have an interest and/or
- trusts and self managed superannuation funds where you or your immediate family member is the trustee,

which may allow you to reduce the administration fees and costs you pay. A maximum of eight Panorama Investments and/or Panorama Super accounts can be grouped together and all accounts must have the same financial adviser.

An account cannot be in more than one related group at a time. Both Full menu and Compact menu accounts can be included in the same related group.

If an account is removed from a related group during a calendar month (for example if the account is closed or is no longer eligible to be grouped), the balance of that account will not be combined with other accounts in the related group for the purpose of determining the rates applicable to the remaining accounts in the relevant related group for that calendar month.

When accounts are grouped, their balances are combined to calculate the total group balance. The Administration fee - *asset based* is calculated on the total group balance and any reduction in the Administration fee - *asset based* is apportioned across the grouped accounts based on the balance held in each account. Therefore the fee reduction for each account will vary depending on the individual account balance and the balances of all grouped accounts. The Administration fee - *account based*, expense recovery and custodial holdings option fee (where applicable) are payable for each account.

Grouping of accounts to further reduce administration fees and costs is not available where an existing waiver or reduction of any administration fee is applied to your account (as described in the section 'Changes in fees and costs' below).

Grouping of accounts does not apply automatically and therefore you must contact us or your adviser to have this arrangement applied to your account.

We have the ability to reject any request to establish a related group at our discretion.

Additional explanation of fees and costs

Changes in fees and costs

The governing rules of Panorama Super allow us to alter any of the fees and other costs payable to us at our discretion and without your consent. Fees and other costs may change for many reasons including changes to the cost of providing services to members or facilitating the technology or platform. As the Trustee, we will act consistently with our legal duties when making any decisions with respect to fees, costs and the provisions of services. Details of current fees and other costs as well as notification of any pending increases, including changes to managed fund fees and other costs, are available online at bt.com.au/panorama.

We may charge other fees and costs in accordance with this PDS and the Trust Deed. We have a general discretion to charge a fee for any other events and to determine the amount of the fee and the method of calculating it. We will give you 30 days notice before any increase in any fees or the introduction of new fees.

In the event of any change in tax laws or their interpretation which affects the rate of GST payable or the input tax credits that Panorama Super may receive, the amounts deducted from your transaction account in respect of the fees and other costs applied to your account may be varied or adjusted to reflect such changes without your consent or further notice to you.

If you have a financial adviser, they or their licensee may negotiate with us on your behalf for a reduction to any administration fees and costs outlined in this PDS.

In other circumstances, we may offer to certain members or groups of members to waive or reduce fees and costs payable by them. We may also decide that any such waiver or reduction in fees and costs will cease to apply at any time. Our decision to offer or to cease to provide a waiver or reduction of fees and costs is at our complete discretion. Unless otherwise notified, where a waiver or reduction of any administration fees and costs is

applied to your account, grouping of accounts to further reduce the administration fees and costs payable (as described in 'Benefit from multiple accounts in a related group' in this section) is not available to you.

When a waiver or reduction to any administration fees and costs commences or ceases to apply, the new rate will apply for the full calendar month in which the change occurs (or from such later date specified in any prior notice we are required to give to you).

Performance fees

Where you invest in managed funds, managed portfolio options and exchange traded products (collectively referred to as 'managed investments'), some of the fund managers of these managed investments may be entitled to receive performance fees in addition to the management fees they receive. These performance fees can affect the fees and costs of any managed investments you choose. Details of any performance fees payable are set out in the product disclosure statement or other disclosure document(s) for the relevant managed investments.

The Administrator does not receive any performance fees in respect of the transaction account, so the transaction account fee shown in the 'Investment fees and costs' section of the 'Fees and costs summary' table includes an amount of 0% for performance fees.

Managed fund and ETF fee rebates

In some cases, your adviser's licensee may negotiate on your behalf with a fund manager to provide a partial rebate of the investment costs for the managed funds or ETFs you invest in to the Administrator.

In general, your entitlement to the rebate will be based on your holding of the managed fund or ETF at the payment date of the rebate. However, where you instruct us to close your account prior to the processing by the Administrator of a rebate, you will not be entitled to that rebate.

Fees and other costs for Panorama Super

[Additional explanation of fees and costs](#)

Support and further information >

Fees and other costs

Additional explanation of fees and costs

Fee allocations and platform payments

We may pay up to 100% of the fees and other costs (other than expense recovery) deducted from your account to the Administrator. No payment of any portion of expense recovery will be made to the Administrator or any other parties.

Other fees and costs

All other fees and costs (such as government fees, bank fees, government duty, fees for failed transactions and penalty interest) incurred as a result of a transaction, deposit or withdrawal, will be passed on to you.

Any applicable government duty payable in respect of asset transfers you make to Panorama Super or managed portfolios will be deducted from your transaction account.

Insurance premiums

Insurance premiums are applicable if you access insurance cover through Panorama Super. The amount will vary.

Each insurance premium is deducted from your transaction account on the frequency that you select with the insurance provider. Refer to the product disclosure statement or other disclosure document of the relevant insurance provider for further information.

Portfolio management fee

This is a cost incurred where you appoint an MDA provider and consent to pay a portfolio management fee. You can negotiate the amount of this fee with your MDA provider. The fee can be specified in your consent as a flat percentage or a tiered percentage and is calculated based on the average value of the assets in your tailored portfolio(s) for the month.

This fee is deducted from the portion of your transaction account held in your tailored portfolio(s) monthly in arrears or on closure of your Panorama Super account and is deducted until you withdraw your consent, or you cease to hold the tailored portfolio(s). The portfolio management fee is not a fee for financial product advice.

For more information on fees and costs, including the regulatory definition of fees and costs, investment manager fees, performance fees, transaction costs, buy/sell spreads, fees and expenses in association with Family Law Act requirements and insurance premiums, see the 'Additional information on fees' section of the Booklet.

support@panorama.com.au

bt.com.au/panorama

Support and further information

How will we keep you informed?

We make a range of information available to help you have the tools you need to monitor your investments and make informed decisions.

Online access

You can generally access information about your investments – including your Panorama Super account valuation, performance, investment holdings and transaction history – 24 hours a day, 7 days a week by logging in to your account at bt.com.au/panorama.

Peace of mind and security

Your online and transaction security is important to us, so we've taken steps to help keep your Panorama Super account secure. To help us you must:

- keep your online password secure and not disclose it to another person
- keep your mobile phone number up-to-date with us. You may not be able to place some transactions without it. This mobile phone number must be your mobile phone number and not the phone number of your adviser or their support staff.
- You may need to enter an SMS security code when accessing your account online as well as performing some online transactions, and access to your account and certain transactions will not proceed until this verification has occurred.

For further information, refer to 'Online and transaction security' in the 'Features' section of the Booklet.

To help prevent unauthorised access to your Panorama Super account we may deny access to your account from certain countries.

Mobile application

The BT Panorama mobile application is also available for download, so you can keep track of your investments on your mobile device. The primary authorised user of your Panorama Super account also has the ability to place trades in relation to investments and track the progress of an order via the BT Panorama mobile application.

Please note that not all features available to you when you log into your account at bt.com.au/panorama are available on the mobile application.

Feedback and Complaints

Delivering on our service promise

We're constantly striving to provide the best possible service, and we'll do our best to resolve any concern you have quickly and fairly.

Our commitment to you

If you're ever unhappy about something we've done – or perhaps not done – please give us the opportunity to put things right.

Our aim is to resolve your complaint within 5 working days, and where possible we will resolve your complaint on the spot. If we need some additional time to get back to you, we will let you know. Should we be unable to resolve your concern at your first point of contact, we will then refer the complaint to one of our dedicated customer managers.

Our customer managers are here to find a solution for you and will ensure that you're regularly updated about the progress we are making to resolve your complaint.

If you have a concern or complaint about an investment acquired through Panorama Super, please contact us using the details below. We can help direct your complaint to, or otherwise try to facilitate a resolution with, the relevant product issuer. If you have a concern or complaint about your adviser or the financial product advice you have received, please approach the Australian Financial Services Licensee for whom your adviser was acting.

You can contact us

Over the phone

Please call us from anywhere in Australia on 1300 881 716. If you are overseas, please call +612 9155 4030.

By post

BT
GPO Box 2861

What happens if you no longer have a financial adviser?

If you cease to have an authorised financial adviser, this may impact your ability to continue to use your Panorama Super account. It is important you understand the consequences as set out below.

- You will need to manage your Panorama Super account directly and place transactions online via bt.com.au/panorama.
- Your fees may change.
- The terms and conditions of your Panorama Super account, the investment options and product features available to you may change.
- You will receive communications from us directly and may not receive certain communications previously provided by your adviser, unless required by law to be provided by us.
- The name and branding of your account may change (if your distributor changes).
- Your Panorama Super account may, in some circumstances, be closed, and your balance may be transferred to the ATO.

To request a policy document, free of charge, that provides further information on the consequences for members who cease to have an authorised financial adviser or a relationship with a distributor, contact us on 1300 881 716. We may amend our policy from time to time.

Ready to get started?

Together you and your adviser can apply to open a Panorama Super account once you have read this PDS and accompanying documents.

The application is easy to complete and has been designed to get you up and running as quickly as possible. Once your application is accepted, you will receive an email with instructions on how to register for online access to your account.

Incomplete or invalid applications cannot be accepted and any payments will be invested in a holding account until the correct information is received. The Administrator will attempt to contact you via your adviser, normally within seven business days, but in times of high demand this may take longer. If the Administrator has not received the correct information within one month, your investment may either be returned to you or, if your investment was rolled over from another super fund, returned to the rollover institution. The Administrator may hold the investment in the holding account for more than a month if it is not reasonably practicable to return it to you.

You will not earn interest while the money remains in the holding account. Any interest earned in the holding account will be payable to the Trustee and it is not required to account to you for the interest earned. The Trustee has the right to reject any application it receives in part or in full.

Important information

General advice warning

Before applying, it's important you consider this PDS together with the Booklet and the Investment Options Booklet for both Compact and Full menus.

These documents are available free of charge from your adviser, at bt.com.au/panorama or by contacting us. The information in this PDS is general information only and doesn't take into account your individual objectives, financial situation or needs. Consequently, before acting on the information, you should consider whether it is appropriate for you in light of your objectives, financial situation and needs.

You should consult a licensed financial adviser for financial advice that's tailored to suit your personal circumstances. Before making a decision about whether to acquire or continue to hold a product, you should obtain and consider the applicable disclosure document.

Updated information

The Trustee may change the terms and conditions of Panorama Super including representations made in the PDS (such as administration matters or fees and charges) at any time. For example, the Trustee may do this to address changes in law or regulation, or to add and remove features to Panorama Super, among other things. The Trustee will give you at least 30 days' prior written notice if we consider the change is materially adverse to your interests. Information in the PDS that is not materially adverse to your interests is subject to change from time to time and may be updated by notice to your adviser or by updating the online internet service, bt.com.au/panorama. Updated information may be obtained from bt.com.au/panorama, your adviser, or Customer Relations on 1300 881 716 from 8.30am to 6.30pm, Monday to Friday (Sydney time). A paper copy of any updated information will be given to you without charge on request.

Eligibility

Panorama Super is only available to investors who receive the PDS in Australia. You must have a relationship with an Australian licensed or authorised financial adviser who is registered to distribute Panorama Super in order to start using Panorama Super. The Trustee and the Administrator may at their discretion refuse to accept applications from particular persons or classes of persons.

If you are outside Australia, you should obtain advice about any local restrictions that apply before investing in or transacting through Panorama Super and you must appoint an Australian resident attorney to act on your behalf.

If your relationship with your adviser ends, the terms and conditions applicable to your account may change, including that you may (but not necessarily will) be charged higher fees. Refer to 'What happens if you no longer have a financial adviser?' in this section for further information.

Investment in Panorama Super

The Trustee and the Administrator are subsidiaries of Westpac Banking Corporation ABN 33 007 457 141 AFSL 233714 (Westpac). Apart from any interest you may have in underlying bank accounts held at Westpac through your transaction account, Westpac term deposit products or Westpac securities acquired through Panorama Super (through your transaction account or otherwise), an investment in Panorama Super is not an investment in, deposit with, or any other liability of Westpac or any other company in the Westpac Group. As with all investments, investments in Panorama Super are subject to investment risk, including possible delays in payment of withdrawal proceeds and income payments, and loss of principal invested. None of the Trustee, Westpac or any other company in the Westpac Group stands behind or otherwise guarantees the capital value or investment performance of Asgard Independence Plan Division Two or any investments in Panorama Super.

Important information

Consent to be named

The Administrator has given and not withdrawn their consent to the PDS containing information referable to them in the form and context in which that information appears. They have not issued or caused the issue of the PDS and are not responsible for any other statements in the PDS which are not referable to them.

Cooling off

To ensure that you are happy with your initial investment, you have a 14 day cooling-off period to check that it meets your needs. This period starts on the earlier of the date you receive your transaction advice (ie when your initial deposit is shown in your transaction account transaction history on bt.com.au/panorama) or five days after your investment is accepted. Within this period, you may withdraw your investment (if no cashing restrictions apply) or transfer it to another fund. For more information on cooling off, see the 'Other important information' section of the Booklet.
